Washington County	21,660 (50%)	8,534 (20%)

Discussion from June AOP-20 Forum

Assets	Gaps	Policy Opportunities
• Post-secondary institutions • Partnerships • College readiness programs • College credit/advance standing programs	• Internet/broadband • Transportation • Childcare • Communication and messaging to stakeholders	• Early learning • Increased and equitable funding of institutions • College affordability and student debt

Commonalities Statewide

Assets

- Local post-secondary institutions
- Local collaboration is good, but room for improvement
- Some creative programs to help working learners, adults
- Healthcare and manufacturing dominate economies

Gaps

- Need to educate students, parents, and incumbent workers on career opportunities (some emphasis in manufacturing in other forums)
- Students need transportation, childcare, flexible schedule, and other resources to support them in completing education

Policy

- Dual enrollment is good option
- Need to address student debt

Comments from Similar Communities

Rural, Small Towns	Existing Collaborations
• Broadband Access • Brain Drain	• Unified, effective communication • Broader coalitions
